

I. On your answer sheet write the Latin word from which the root of these English words is derived. If the Latin word is a noun, give the nominative singular. Of a verb, give the first person, singular (or the present active infinitive). Of an adjective, give the nominative singular masculine.

- |                |                 |                |
|----------------|-----------------|----------------|
| 1. initial     | 5. vivid        | 9. progressive |
| 2. consequence | 6. unsuccessful | 10. illegal    |
| 3. vagrant     | 7. innocuous    | 11. princely   |
| 4. pontoon     | 8. involuntary  | 12. delegate   |

II. Spanish is called a "Romance" language because it came from the Latin -- the language of the Romans. Below you will find a jumbled group of Latin, Spanish and English words. On your answer sheet copy the English words in order listed. In column B, opposite each Eng. word, write the Latin translation you find in the list. Finally, in column C write the Spanish word from the list which is evidently derived from the Latin word. There are 12 words.

book	penalty	diente	morsus
morte	amicus	claro	clarus
death	pens	vestidos	clothes
pes	quattour	pede	feet
friend	libro	pie	vestis
good	poena	flower	eight
cuatro	flos	teeth	liber
bridge	dens	clear	ecto
bueno	amigo	flor	benus

III. Place the number of the correct meaning for each underlined word on your answer sheet. Each underlined word is a derivative of a word found in second year Latin books.
